PROFESSIONAL SUMMARY

Data-driven Learning Specialist and Computer Science undergraduate with over four years of experience delivering targeted 1-on-1 and small-group K-8 interventions, learning habit coaching, and academic data analysis. Experienced in analyzing learner performance data using Excel and Google Sheets to pinpoint bottlenecks, separate knowledge gaps from errors, and guide students toward 90%+ mastery. Combines pedagogical expertise with AI workflow automation (Claude, ChatGPT, LLM evaluation) and interactive EdTech design to accelerate learning velocity and build student self-direction.

CORE COMPETENCIES

- **Academic Coaching & Intervention:** 1-on-1 & Small-Group Coaching, Rapid-Response Blocker Resolution, Executive-Function Routines, Motivation & Mastery Learning
- **Learning Analytics & Data:** Academic Data Reporting, Diagnostic Gap Analysis, Mastery Threshold Monitoring, Google Sheets & Excel (Pivot Tables, Lookups, Trend Analysis)
- **EdTech & AI Workflows:** AI/LLM Workflow Prototyping, Generative AI Tooling (Claude, ChatGPT), Interactive Learning Design (Genially, Figma), LMS Administration

PROFESSIONAL EXPERIENCE

Freelance Learning Specialist & EdTech Consultant | Remote / Lagos, Nigeria

December 2025 – Present

- Delivered recurring 1-on-1 and small-group academic coaching to 50+ K–8 learners, diagnosing knowledge gaps, resolving motivation blockers, and instilling self-directed study routines.
- Tracked and analyzed weekly performance metrics using Google Sheets and Excel (pivot tables, formula-driven trackers) to surface learning bottlenecks and adapt instructional interventions within 48 hours.
- Integrated Generative AI tools (ChatGPT, Claude) into lesson generation, diagnostic assessment design, and personalized practice drills, cutting content preparation workflows by over 40%.
- Evaluated and deployed interactive learning applications and digital tools (Quizlet, gamified assessments) to drive learner engagement and sustain high mastery velocity.
- Mentored contract tutors on applying differentiated learning strategies, digital classroom tracking, and structured coaching frameworks.

Alsta School | Lagos, Nigeria

School Operations Administrator & Academic Specialist | May 2025 – May 2026

- Analyzed academic records, attendance patterns, and evaluation data for a student population of 359+ pupils, generating data reports to identify operational and academic anomalies.
- Collaborated with teaching staff to review assessment outcomes, calibrate mastery thresholds, and coordinate structured interventions for underperforming learners.
- Standardized reporting workflows and educator coordination using digital tools and structured spreadsheets to improve administrative efficiency.

Class Teacher & Learning Support Specialist | February 2022 – May 2025

- Provided targeted small-group pull-out support and 1-on-1 remedial coaching in literacy and numeracy, breaking complex concepts into step-by-step mastery routines.
- Designed and executed lesson plans across Primary 2 to Primary 6, consistently monitoring pupil response accuracy and learning velocity.

- Incorporated game-based learning models and interactive technologies (Quizlet, multimedia exercises) to reinforce retention and elevate student confidence.

PROJECTS & PORTFOLIO HIGHLIGHTS

- **Interactive Learning Design Portfolio ([Check Here](#)):** Built modular, interactive digital learning experiences utilizing UX/UI design principles (Figma), multimedia frameworks (Genially), and web technologies to maximize engagement.
- **AI Evaluation & Workflow Systems:** Developed prompt workflows and conducted AI output evaluations to refine automated educational responses and build structured mastery drills.
